The Story of OverLight

A Modality is Born

OverLight is the name we use to describe all the modalities offered through Lightworker. Lightworker was built on the information from the Group through Steve Rother. Several Modalities will be forthcoming as OverLight trainings. Each will be independent and stand on its own as a complete modality for healing. Our intent is to offer unique information to empower the facilitator and their clients. In this fashion we spread Light throughout the planet.

OverLight is a registered trademark from the Lightworker corporation.

Steve Rother was comfortably settled in the life of a General Building Contractor in San Diego, California, when his life took a turn. In 1996 he began receiving divinely inspired messages from a collective of angels who he simply called "the Group". Being a channel was not exactly what he had in mind, but soon he started publishing monthly messages from the Group on the internet and the work of Lightworker began to grow. The Group's messages were well received and soon the web site www.Lightworker.com was started to house

the important information coming in from the Group. As the work grew the Group suggested to Steve that he offer private one on one empowerment sessions where people could see themselves from the perspective of "the Group". He called these Re-member sessions. They were a hit and the Group's message began to spread globally. During these sessions Steve saw patterns emerging as the Group guided him to work with clients. They showed him ways of working with people, getting to core issues quickly and empowering them to make positive changes, all the while not taking away their power from them or fixing them in any way. He was shown how to create a safe space for others to heal themselves, which is the Group's definition of a Master Healer. The Group told Steve all along that the empowerment work he was doing was not exclusive, and in fact could be taught to others. In fact in the first three years of presenting seminars included exercises to show everyone what it was like to channel. Steve and Barbara hold the distinction of being the first to teach a class on channeling at any United Nations facility.

During Re-member sessions the Group helped people to identify their primary life lessons to see the patterns of their own lives and how to best change them. Once they re-membered the set up it was easier to see the key players in their lives and the roles they themselves asked them to play. The Group says that there are twelve primary life lessons and that we choose one in each incarnation and work with it until we master it. Once a person masters between eight and ten of these primary life lessons they are complete with the Game of Free Choice on Planet Earth, and need not return.

The Foundation Level of OverLight is the modality that Steve has been perfecting in more than 6000 private Re-member sessions that he has given internationally over the last five years. Here each participant will learn the basics of and the approach to the Energy Matrix, Energy Stamps and the Twelve Primary Life Lessons. Walk away from this four-day intensive with a deep understanding of yourself and the human experience. The fifth day is the dolphin swim that will help embed the entire experience deep within your cellular memories.

Today, private Re-member sessions with Steve and the Group are booking five to six months in advance. Those early messages, known as the Beacons of Light ~ Re-minders from Home, are now delivered to over 50,000 people in 146 countries each month. Steve and Barbara Rother are now internationally renowned lecturers, seminar leaders and are known as empowerment catalysts. Divinely inspired information from "the Group" through Steve was the origin of the ground-breaking information on the Crystal Children, Transition Teams, The Master Healers, The Human

Angels, The 8 Sacred Rooms of Creation, Trilogy, Atlantis and Lemuria, The E-factor, and much, much more. Steve is the author of the widely distributed books: Re-member ~ a Handbook for Human Evolution, published in five languages, and Welcome Home ~ the New Planet Earth as well as the Beacons of Light Re-minders from Home which are still distributed monthly through Lightworker.com. Steve and Barbara, his wife and partner of 31 years, present this information to spiritual family gatherings worldwide. They are in their passion!
